

MD. TASHSIM RADWAN FAHIM

MERN Stack Developer

Email: trfahiminfo@gmail.com

Phone: 01630404847

Profile

I am a full stack developer with the knowledge of crafting effective software for clients. With my strong foundation in both the front end and back end I can design, implement, and maintain scalable and efficient server-side architectures. I am committed to writing clean, maintainable code and continuously improving development processes.
